OUR PROCESS

BOOKING MEDIATION

Parties can book online through our website or contact us directly by email. If both parties have already agreed to mediate, we will issue the mediation agreement, intake forms and invoices. If mediation has not yet been agreed, we can contact the other party and issue an invitation to mediate on your behalf.

WHAT WE REQUIRE

When scheduling, we require each party's contact details, details of any legal representatives, and confirmation of whether the mediation fees will be shared or paid by one party. Prior to mediation, all parties must return their signed mediation agreement, completed intake forms and payment. Any documents or position statements that parties wish us to consider may also be provided before the mediation. A Zoom link will be issued the day before the mediation.

INTAKE

Prior to mediation, Nicole will review each party's intake information and supporting documents. In most cases, intake is conducted on the papers; however, if further information is required or there are suitability or safety considerations to discuss, Nicole will contact the parties to arrange a telephone intake.
